Dr. Edward M. Purcell

Dear Dr. Purcell:

We are very sorry that you were unable to be present at the commemoration activities on the 18th of August. You would have enjoyed the ceremonies and the opportunity to greet many of your colleagues. I also regret that I was not able to present the engraved medallion personally, but since that was not possible, I am enclosing it. This memento documents your vital contribution as a pioneer in space technology. Your efforts were a very significant ingredient in the success of our programs. We would appreciate your continued support and wish you well in the days to come.

Sincerely,

A handwritten signature in black ink, reading "William J. Casey".
